

Civil Engineer

Santa Rosa, California based engineering firm Civil Design Consultants, Inc., founded in 1991, is looking for a Civil Engineer to work on a variety of projects including single-family residential, multi-family residential and commercial projects from private sector clients as well as public projects with local government agencies.

Job Description:

Working under the direction of principal engineers, you will be responsible for performing studies, calculations, process designs, preparing plans and drawings in accordance with project requirements and engineering standards. You must be well versed in all aspects of civil engineering, including site layouts, grading plans, stormwater management facilities, water quality best management practices, and utilities.

Qualifications and Skills:

- Bachelor of Science degree in Civil Engineering from an accredited University.
- A California Civil Engineering (P.E.) registration.
- A valid driver's license.
- At least 5 years of engineering experience developing construction documents.
- Proficient in AutoCAD/Civil 3D.
- Able to manage workloads on multiple projects and meet deadlines.
- Analyze water systems by calculating domestic and fire flows.
- Fundamental understanding of hydrology and hydraulic calculations for review and approval by the public agencies.
- Interpret reports, maps, drawings, tests and aerial photographs on soil composition, terrain, hydrological characteristics, and other topographical and geologic data to plan and design projects.
- Calculate an estimate of probable costs for review by the client.
- Excellent communication and interpersonal relationship skills.
- Organized and detail oriented.
- Candidates must be eligible to work in the U.S. without employee sponsorship and/or Visa transfer, and must have U.S. citizenship or Green Card.

Compensation:

We provide a competitive compensation and benefits package to our employees, including: fully paid medical coverage for employees and family members, 401k and Profit-Sharing plan, 15 days of paid time off (accrued over a year) and 9-paid holidays.

This is a full-time position with immediate opening. To apply please send your resume to:
